RETURNING TO YOUR FINGERTIPS

The 2017 Deacon Dinner Auction will again host text bidding for the Silent and Deacon Select Auction portions of the evening. If you can text from your phone, you can bid! And it's very simple. You can try out our Text2Bid feature that will be utilized again for this year's auction by texting the word DEACON to 71760 and follow the simple instructions to test out a sample auction. By the time you receive your official bidder number in April, you will be able to view the actual Silent and Deacon Select Auctions of the 2017 Deacon Dinner Auction.

If you register by the April 7th registration deadline, you will not only receive an advance copy of the re-designed catalog, but you will also receive your official bidder number so you will be prepared for the April 29th evening.

This year's Silent Auction will open earlier (3:00 pm), close later (7:50 pm) and will have no staggered closings so you can continue to bid on all items until the Silent Auction closes just before the Live Auction. And the Deacon Select Auction of wonderful items, dinners and experiences will remain open for one hour into the Live Auction (9:00 pm), so be sure to keep your phone handy and charged.
